

# Hope WEST AFRICAN Safari

Dear Parents,

This week your child has been learning about Sierra Leone, West Africa and the needs there following a 10-year long war. They have helped to support two schools for children who were displaced from their homes by the war. They have also contributed school supplies to send to children and teachers there. The impact these contributions make will be phenomenal in the lives of those children. They have had so much taken away from them—their homes, family members, their education, and their childhood. As World Hope International strives to make a difference in the lives of these and other children, your child has also touched their lives.

We encourage you to continue to be involved in the lives of children in Sierra Leone. It takes so little to do so much. World Hope has a child sponsorship program that allows families to sponsor children in Sierra Leone and other countries. It is an excellent way for you and your child/ren to continue to be personally involved and have a significant impact in the larger world.

Sponsorship of a child costs only \$25 per month, and assists that child with an education at an approved school, clothing, food for their family, and medical care. It also becomes a means for some children who otherwise would not have the opportunity to hear the Good News of Jesus and the Salvation he brought us. You can be personally involved in the life of your sponsored child by writing letters if you choose. Perhaps you would want to choose a child that matches your child's age or gender.

The attached brochure will provide you with the information you need to become a sponsor. Please pray about this opportunity and what it could do to help your children become more globally minded in reaching the lost.

Because of His grace,
